About Brent's Place

Brent's Place is a Denver, CO-based nonprofit that provides a safe, clean "Home Away From Home" for immunocompromised children and their families undergoing treatment for cancer and other life-threatening illnesses. With a deep reliance on volunteers—many of whom are retirees—to keep operations running, managing 1,500+ volunteer profiles efficiently is mission-critical for the organization.

The Challenge

Brent's Place was using Amplify/Get Connected to manage their volunteer program, but the platform was not user-friendly for staff or volunteers. The volunteer-facing page was cluttered and confusing, making it difficult for their core base of volunteers, many of whom are retired, to navigate. With 1,500+ volunteer profiles to migrate, the team worried the transition to a new platform would be a lengthy, disruptive process.

The Migration Process

- Export from old platform**
Kit exported all volunteer data into a simple Excel spreadsheet from Amplify/Get Connected.
- Map fields in Vome**
Using Vome's custom field builder, she mapped her existing data structure seamlessly—no data loss.
- Upload & go live**
In under 5 minutes, all 1,500+ profiles were imported and the team was up and running.

Key Results

- ✓ **Migration completed in <5 minutes** with zero technical support needed
- ✓ **100% self-serve data import** using Excel spreadsheet upload
- ✓ **Zero downtime** during the entire transition process
- ✓ **Auto check-in/check-out** feature now logs volunteer hours accurately in real time
- ✓ **Dedicated point of contact** provided hands-on, personal support throughout

Get Vome. The ease of use for the manager and volunteers alone is amazing. Having an actual person to talk to made the transition seamless, and our volunteers have had no trouble navigating the platform.
